

Meredith Emmerich

Vice President, North America Commercial HVAC

Meredith Emmerich is Vice President, North America Commercial HVAC.

Meredith joined Carrier in July 2013 and is responsible for leading strategies to drive growth in the Residential Light Commercial and Variable Refrigerant Flow (VRF) segment of the Global HVAC industry. Meredith has over 15 years of industry expertise and served previously as the Managing Director, North America Ductless & VRF, where she led Carrier's business efforts in this rapidly growing segment.

Meredith holds a Master of Science degree in Electrical and Computer Engineering and a Bachelor degree in Electrical Engineering from the Georgia Institute of Technology.
