

Digitally transform your bank branch network with the ABOUND™ Insights platform

Reduce your energy spend and increase your margins by improving energy efficiency across your branches, offices, ATM networks and data centers. Utilize your data effectively, to not only save energy costs but also achieve significant business objectives.

Opt For Our Solutions For Banks And Get The Following Benefits:

Improved Energy Efficiency

Improved Equipment Efficiency

Enhanced Occupant Comfort

Improved Occupant Safety

Proactive Maintenance Management

Reduced Equipment Downtime

Enhanced Equipment Life

Optimized Utility Procurement

ABOUND™ Insights integrates your entire connected energy infrastructure. The AI-enabled platform generates intelligent, actionable insights by collating, contextualizing and analyzing your IoT data from your building automation system and business data. These insights are utilized by Carrier Customer Command Centers to generate strategies and carry out actions to achieve your key business goals.

Success story

India's leading private sector bank with over 5,000 branches across the country.

Results across a year of the engagement

Branches Managed: **400+**

18% improvement in employee comfort from baseline

Averaged energy savings of over **13%**

16% improvement in customer comfort from baseline
